

MANAGEMENT UNIT NAME: Nagagami Forest Management Unit

PLAN PERIOD: April 1, 2021 to March 31, 2031

**FMP-7 Projected Habitat for Selected Wildlife Species**

Species	Area (ha)					
	2021	2041	2061	2081	2101	2121
This table is intentionally left blank because there is no tracking of selected wildlife species. Current direction from the Forest Management Guide for Boreal Landscapes indicates that wildlife habitat is assessed and tracked through the use of Landscape Guide Indicators, with the associated milestones that provide direction for achievement throughout time, refer to FMP-10.
